- Nothing significant to report.

Cal OES SOUTHERN REGION

Significant Precipitation, Potential Flooding and Debris Flows, Santa Barbara County

A significant, long duration storm of subtropical moisture is expected to cross Southwest California from 03/20/18 through 03/22/18.

- Peak 1 hour rainfall rates are expected to range between 0.50 and 0.75 inches.
- There is the potential for significant flash flooding and debris flows in the recent burn areas.

Activations

- The Cal OES State Operations Center (SOC) will activate to Level 3 on 03/20/18 at 1900 hours.
- The Santa Barbara County Emergency Operations Center (EOC) will activate to Level 2 on 03/20/18 at 1700 hours.
- The Ventura County EOC is activated as of 03/20/18 at 0700 hours.

Deployments

- 1 Cal OES Law Enforcement Assistant Chief is deployed to the Santa Barbara Sheriff's Office

Resources Assigned

- Short Type III Incident Management Team (Santa Barbara County)

Tentative Resources Requested for 03/21/18

- 2 US&R Regional Task Forces
- 2 OES Swiftwater Task Forces
- 2 Cal OES Type 1 Engine Strike Teams
- 2 Cal OES Type 3 Engine Strike Teams

SITUATION SUMMARY

Significant Precipitation, Potential Flooding and Debris Flows, Santa Barbara County (Continued)

Mandatory Evacuations

Santa Barbara County

- Mandatory evacuations have been ordered for the Thomas, Sherpa, Whittier, and Alamo burn areas in Santa Barbara County, effective 03/20/18 at 1200 hours.
 - Per Cal OES Law Branch, approximately 12,000 residents impacted

Ventura County

- Ventura County Sheriff OES has issued the following mandatory evacuation notices effective 03/20/18 at 1200 hours until 03/22/18 at 1700 hours:
 - Matilija Canyon and North Fork area (Ojai)
 - Casitas Springs, Nye Rd. & surrounding areas
 - La Conchita

Voluntary Evacuations

- Ventura County Sheriff OES has issued voluntary evacuation notices for several areas in Ojai City, Unincorporated Ojai-Santa Paula area, and The City of Ventura, effective 03/20/18 at 1200 hours until 03/22/18 at 1700 hours.

Evacuation Center

- American Red Cross (ARC), Earl Warren Showgrounds (3400 Calle Real, Santa Barbara).
- [ARC: Ventura College, 4667 Telegraph Rd., Ventura](#)
- Large animal shelter: Earl Warren Showgrounds (3400 Calle Real, Santa Barbara).
 - For assistance evacuating large and small animals, contact Santa Barbara County Animal Services hotline at 805-681-4332.
- Small animal shelter: The Santa Barbara Humane Society (5399 Overpass Rd., Santa Barbara)
- Access and Functional Needs (AFN) services are available.
- City of Santa Barbara and City of Carpinteria have set up evacuation plans for those needing help with transportation to the shelter.
- County Public Health has pre-identified those facilities and AFN patients within the proposed evacuation areas that may need assistance with transportation and have proper planning in place.
- Casa Dorinda, a life care community, will be fully evacuated which includes 300+ Assisted Living and Skilled Nursing residents.

SITUATION SUMMARY

Significant Precipitation, Potential Flooding and Debris Flows, Santa Barbara County (Continued)

Road Closures

- California Highway Patrol (CHP) will monitor Highway 101 and other major routes for potential closures should debris flows/flooding effect roadways.

Schools

- Carpinteria Unified will be closed 03/20/18 – 03/21/18
- All private schools in the evacuation area will be moving to alternate school sites

WEATHER OF CONCERN

Weather of Concern

- Late today through Thursday, the National Weather Service is advising of the potential for a significant and excessive rainfall event (Atmospheric River) to impact Central and Southern California valley and mountainous areas, which is expected to produce the following conditions:
 - Significant flash flooding and debris flows over recent burn scars
 - Widespread urban roadway flooding.
 - Flooding of small creeks and streams.
 - Rockslides and mudslides, especially over canyon roadways.

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

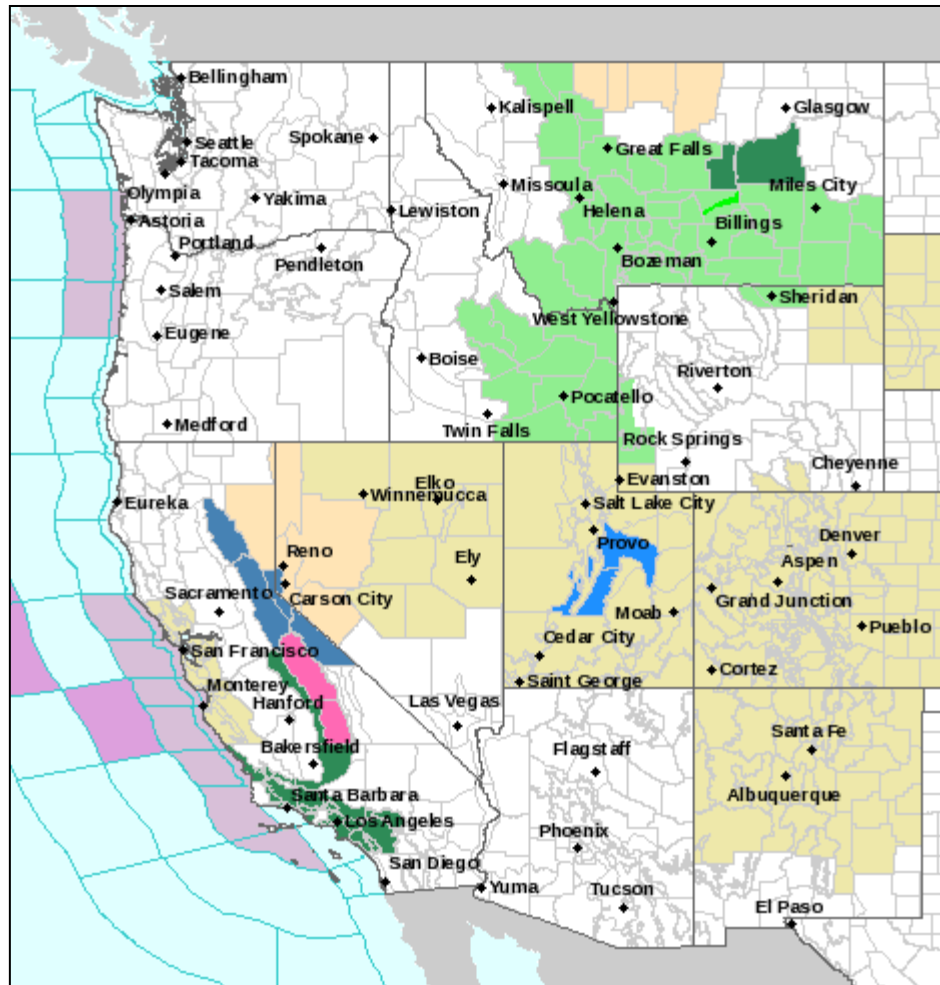

Expecting another week of unsettledness before the pattern turns a bit drier and warmer. A vigorous Pacific low currently sits off the West Coast and will spread precipitation into the region starting later today. The bulk of the precipitation will impact the area Wednesday / Thursday. Additional precipitation is expected Friday / Saturday as the main parent trough moves over the region. The today through Saturday time frame will be another significant wetting event period. Snow accumulation levels should lower to between 2,500 to 3,500 feet starting Thursday. Wind speeds will be lighter today before increasing out of the south on Wednesday. Expect routine gusts over the higher ridges and within portions of the Sacramento Valley between 30-40 mph although locally higher possible.

The weather pattern is expected to turn a bit drier and warmer next week due to the ridge moving back, closer to the coast. System passages are still expected but they appear to be of the drier kind and impact more of the far north and east. Will be monitoring those trends in the coming days.

SOUTHERN CALIFORNIA

A Pacific storm will approach the California Coast from the west bringing periods of rain to the region this morning through Thursday night. Most foothill and mountain locations will receive between 4 and 6 inches of rainfall and most coastal and valley locations will receive between 2 and 4 inches of rainfall with this storm. Another Pacific storm will drop down the West Coast from the Gulf of Alaska bringing scattered showers with light rainfall totals Friday. The snow level will be above 8,000 feet through Thursday and then drop to between 5,000 and 6000 Friday. There will be periods of south to west winds of 20 to 30 mph with gusts to 50 mph over the wind prone mountain and desert areas today through Friday. Temperatures will be around 5 degrees below normal today through Friday. A weak ridge of high pressure will bring a little warming and drying this weekend.

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2018-LAW-45747, 03/18/18, 1345 hours:** Santa Barbara County Sheriff requested the assistance of the California National Guard (CNG) for 5 high-water vehicles to be deployed to Santa Barbara for the approaching storm. Assets requested to be staged no later than 1700 hours on 03/20/18. CNG coordinating. **Mission Ongoing.**
- **2018-LAW-45677, 03/15/18, 0836 hours:** Alpine County Sheriff's Office requested a search helicopter to assist in locating a subject last seen using a ski lift at the Bear Valley Mountain Resort. He did not return home later that evening and his vehicle was located at the resort's parking lot. The California Highway Patrol (CHP) and the California National Guard (CNG) deployed helicopters. Both helicopters were forced to land at the ski resort due to weather conditions. Alpine County continued ground searches, which have not been successful. On 03/15/18 at 1700 hours, Alpine requested additional resources for 03/16/18. They requested a total of 80 Type 1 Nordic ground personnel. Marin, Contra Costa, San Mateo, Placer, El Dorado, Tuolumne and Monterey counties were contacted for resources. In addition, Douglas County, Nevada and the National Ski Patrol were contacted. **Update 03/17/18:** Alpine County advised the search will be continuing through the weekend and expects upwards to 100 searchers in the field. The helicopters were still grounded and a new request for Nano Trackers from CNG was received. The Cal OES Law Enforcement Duty Officer (LDO) made contact with CNG Joint Operations Center (JOC) and they accepted the mission, and deployed last night in preparation for arriving at the 0800 briefing. **Update 03/18/18:** CHP H-20 was able to return to the valley on Saturday and are planning flight time for this same mission on Sunday if weather permits. CNG Helicopter is still grounded at the Ski Resort. 38 Ground units were scheduled to search on Sunday at 0800 hours for the next operational period. The searchers came from Tulare (7), Fresno (3), Marin (5), Contra Costa (3), San Mateo (9 BAMRU), Placer (8) and Northern Ski Patrol (4). El Dorado County Sheriff's Office is assisting with search management aspects (6 individuals for an overhead team). **Update 03/19/18:** Ground search efforts continued without success. All mutual aid ground search units were released at the end of the day. Aerial support efforts were minimal as CHP H-20 had to break from the search for higher priority traffic. The CNG Helicopter was repaired in the later part of the afternoon and was only able to search in the late afternoon. Alpine County Sheriff's Office requested air support for 03/20/18 and CNG agreed to return for AM aerial coverage with 2 helicopters. CNG will also be searching in the evening hours of 03/20/18 with a fixed wing airplane (RC 26), equipped with thermal imaging after the ski resort closes for the day (1800 hours). **Mission Ongoing.**

Cal OES MISSION TASKING

Cal OES Missions

- **2018-IREOC-45244:** Caltrans to remove dead and dying trees along highways in Kern, Tulare, Fresno, Madera, Mariposa, Tuolumne, Calaveras, Butte, Plumas, Sierra, Shasta, and Lassen counties.
- **2017-SOC-44098:** CalRecycle Debris Management Team in Ventura County (Coordinating)
- **2017-SOC-43821:** DTSC to remove household hazardous waste from over 500 residential lots in Ventura County (On Scene)
- **2017-Inland-42559:** Weather station installed to gather real time rainfall data by Air Resources Control Board (On Scene)

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
